WORK EXPERIENCE

Account Manager

PRAYAGRAJ, UTTAR PRADESH, INDIA

01-2022 - 07-2023

UCERTIFY LLP

- As an Account Manager, my initial role for a year and a half was with an EdTech company offering computer science courses globally. I took on the responsibility of engaging with instructors and decision-makers, delivering platform demos, and ensuring seamless after-sales services for any platform-related concerns. Developed and maintained customer relationships through effective communication and problem solving skills.
- Developed and maintained customer relationships through effective communication and problem-solving skills. Provided technical support to customers via phone, email and online chat.

Project Manager

MUMBAI, MAHARASHTRA, INDIA

09-2023 - 11-2024

AUS ENERGIES PTY LTD

- As a Project Manager at a Victoria-based company, I was responsible for engaging with customers to discuss technical specifications of government-provided products such as solar and hot water systems for businesses and households. My role involved assessing the environment to confirm product applicability for installation, assigning teams for installation, and ensuring successful completion.
- Coordinated product installations, ensuring quality and timely execution.
- Registered user and product details post-installation for government reference.
- Effectively communicated technical details to customers, enhancing clarity and satisfaction.

Internship

MUMBAI, MAHARASHTRA, INDIA

05-2021 - 12-2021

PROLAB INDIA

- Provided technical assistance to other engineers on staff.
- Developed CAD drawings for various engineering projects.
- Resolved issues related to production processes and product quality standards.
- Assisted in the development of engineering projects and plans.
- Assisted in the implementation of design changes into production process flows.
- Prepared presentations summarizing project findings and recommendations.
